LANDER NECAISE CANDIDATE

To Succeed Self As Supervisor Beat 4—Has Served For Eight Years—Issues Statement

To the Voters of Beat Four, Hancock County:

I wish to announce my candidacy for the office of Member of the Board of Supervisors for Beat Four, Hancock County.

I have served for a period of eight years as a member of the Board of Supervisors, and I can assure you that I deeply appreciate the confidence that the people of my beat have placed in me. In all of my official affairs I have tried to represent my beat faithfully, and I feel certain that during the past four years Beat Four has received many

improvements than it has ever received heretofore.

Our roads and bridges have become a reality. I have been instrumental in aiding and securing aid for the completion of our high school building at Kiln and I feel that the people of my beat look with justifiable pride at this institution and feel that this building will serve our section of the county for years to come.

I can assure you that I will deeply appreciate your support in the coming election, and, if reelected, will do my utmost to continue to represent you as I have in the past.

Respectfully,
LANDER H. NECAISE.

Attend State Convention of Knights of Columbus

Fred L. Herlihy and Thomas J. McCaleb attended the State Convention of the Knights of Columbus Sunday at Biloxi as delegates from the local Council.

They report that August J. Stone was elected to serve for a third term along with their extraordinary accomplishments during the year and thereby breaking the old custom of State Officers not serving for more than two years.

Natchez was chosen as the convention City for next year.

The wartime gathering, streamlined to one day instead of the usual two, opened with a Solemn High Mass at Nativity Church at 8:30 a. m. with the state chaplain, Most Rev. R. O. Gerow, as the celebrant.

The morning session convened at 10:45 and the address of welcome was made by Grand Knight John Mayer, Jr. of Biloxi host to the gathering, and the response by State Deputy Stone. Appointment of the various committees was made by the state deputy, and the annual report of each Grand Knight was made and approved. The report of the local council was highly commended by the state officers.

In his annual report, Bishop Gerow stressed that while the Knights were preoccupied with the war "We must look ahead to the time when peace will once more reign upon the earth," he said "a peace that must be based on justice and morality if it is to be a lasting one."

Highlight of the session was the appearance of Joseph F. Lamb, Commander of the Order of St. Gregory, and Supreme Secretary of the K. of C., New Haven, Conn. This was the first time in 15 years that our state convention was visited by one of the national officers, and constituted a signal honor for the Gulf Coast Councils.

Secretary Lamb flew from New York Saturday especially for the occasion, and was met at Mobile by a delegation from the Biloxi Council.

Secretary Lamb was the principal speaker at the noon day luncheon in the Marine Grill of the Buena Vista Hotel. He congratulated the Knights on the work being done in Mississippi, and the results of the bond drive which exceeded expectations.

The local council sales of bonds during the drive amounted to \$28,200.00, which exceeded their quota by \$22,200.00.

ED ORTTE ANNOUNCES CANDIDACY

For Re-Election to Board of Supervisors From Beat Five

The Sea Coast Echo is hereby authorized to announce the candidacy of Ed. Ortte, for re-election, as member of the Board of Supervisors for Beat Five.

To the Voters of Beat 5, Hancock County:

In announcing my candidacy for reelection as District Five Supervisor I do so, trusting that my many friends will again rally to my support.

I realize a candidate is only as strong as the combined forces of the people desiring honest and clean government, and that no one person is big enough to elect himself. Therefore, I trust that I will be fortunate in again receiving the firm support, but whether "I do or not" I will continue, as in the past, to always appreciate and remember my friends. Any newly elected member to the Board would have to serve the first part of his term learning the ups and downs of the office, after that he becomes a very valuable servant to the people. I have passed this stage, and during the last two years, I have attempted unquestionably to render efficient service, so I urgently request that you keep me in office to continue and finish the various work I have started. Within the near future it is the general belief that the war will end—I served voluntarily for twenty seven months in the first World War, most of the time overseas. I have always been a friend to the Veterans and Service men. I know what the boys will want when they return and what they did not get after the last war, my past experiences and desire to assist the returning service men will prove beneficial to them, especially if I am reelected to office, men who did not serve in the last war or this one, would not be expected to understand, even though they would be willing they would still lack the knowledge of knowing just what it means to be under gun fire suffering the acts of war.

I was nineteen years of age when I joined the U. S. Service during the first World War. I am over the age for combat service now, but for the last year I have been actively serving in the U. S. Coast Guard Auxiliary: patrolling local waters on my own boat, relieving younger men for other service.

I have certainly been a constant friend of the people, altho it was the happiest moment of my life when I was elected nearly four years ago, I went into office the same guy I had always been performing my duties and remaining the same. Always remembering it was my friends and the will of the voters that elected me.

Now again I sincerely ask you to please give me that same appreciated support and let me remain in office to serve you another term.

Your Sincere Friend,
ED. ORTTE

MISSISSIPPI SUPREME COURT DECIDES COUNTY CASE

The Supreme Court of Mississippi on Monday rendered an opinion in the cases of State, ex rel R. C. Cowan, District Attorney vs. State Highway Commission; and State, ex rel Hugh B. Gillispie vs. State Highway Commission.

These two cases were brought in the interest of Hancock County, in the name of the District Attorney of this district and the name of the District Attorney of the district embracing Hinds County, since the case had been removed from the Circuit Court of Hancock County to the Circuit Court of Hinds County.

The question involved in these cases is the reimbursement by the State Highway Commission of the amount expended, or the appraised value of the bridge connecting Hancock and Harrison counties, under Chapter 122 of the Code of 1930, as amended by Chapter 190 of the Laws of Mississippi of 1936.

This suit was originally filed by the county and the Supreme Court held that it had to be filed either in the name of the District Attorney or the Attorney General. In this decision the court held that the case was rightfully brought in the name of the District Attorney, R. C. Cowan, and that the District Attorney has the authority to maintain the action in Hinds County, holding that he had the right to bring this suit, and under this right had the right to resort to the venue where the suit must be brought. In this decision the court held that the county could not be represented by the Attorney General, since the Attorney General represented the Highway Department.

The court held that this bridge connects Harrison and Hancock Counties over the Bay of St. Louis, and is a connecting and continuous part of Highway 90.

But for its existence, the Commission would have had to construct it in carrying out the mandate of the Legislature to take over, construct and maintain Highway 90 as a primary road across the State.

The decision of the Circuit Court of Hinds County had been rendered against the County. The Supreme Court has reversed and remanded this decision and held that an appraisal must be made of the bridge connecting Harrison and Hancock Counties.

Hancock County was represented in this action by the firm of Gex & Gex and Mrs. Evelyn Hunt Conner of Bay St. Louis, who were joined by Mr. Barrett Jones, Attorney of Jackson, Mississippi who represents Madison County in a similar action.

The State Highway Commission was represented by the Attorney General.

Bay-Waveland Garden Club Activities

The nominating committee named for re-election, Mrs. Frank Kiefer, president; Mrs. Eugene Mogabgab, vice president; Mrs. Kenneth Knoblock second vice president; Mrs. Elizabeth Jenkins, secretary. These were elected unanimously and Mrs. J. R. Rollins was elected treasurer to succeed Mrs. L. T. Boyd, resigned.

The Flower Show Committee composed of Mrs. Max Kohler, chairman; Mrs. Eugene Mogabgab, vice chairman and Mesdames J. R. Rollins, Louis Pate, J. T. Prowell, A. C. Exnicinos, Kenneth Knoblock and G. Y. Blaize, had decided that instead of the regular two day flower and vegetable exhibit that the flower show would be small with entries confined to members only and that it be held in connection with the meeting.

The exhibit considering the extreme dry weather was most creditable, was displayed on the porch of Mrs. Prowell's guest house.

Mesdames H. A. Barrington, Claude Hooton and Jack Riley acted as the judges and announced the following awards, Arrangements: Mrs. Walter J. Gex, Jr., blue ribbon; Mrs. L. T. REPORTED KILLED IN ACTION

Lt. Louis Ranson Gives Life For Country in North Africa Area

A shadow was cast over the entire community when the news reached here on Friday that Lieutenant Louis T. Ranson had been killed in action in the North African area.

Lt. Ranson, son of Mr. and Mrs. Edwin R. Ranson of this city was a graduate of St. Aloysius College in New Orleans and had taken three years of chemical engineering at Louisiana State University. He enlisted in the United States Army, March 13, 1941 and was assigned to the Adjutant General Office in New Orleans from which he was recommended to Officers training school for Quartermasters at Cheyenne, Wyoming. He graduated as a second Lieutenant on September 25, 1942 and was sent to Fort Lewis, Washington to complete his training. After six months of training he was sent to the African area and was there about a month when he was killed.

Lt. Ranson was a native of New Orleans but had made his home here with his parents for the last six years. He was 21 years of age.

Besides his wife, the former Miss Mary Elizabeth Jackson of Waveland to whom he had been married a little less than a year, he leaves his parents Mr. and Mrs. Edwin R. Ranson, five brothers, Edwin R. Ranson, Jr., electrician at the Ingalls Shipbuilding Corporation; Wesley Ranson, a student at Tulane University, Richard Ranson, a senior at St. Stanislaus and Rodney and Albert Ranson, grade pupils at St. Stanislaus.

"The good die young" was verified in the death of young Lieutenant Ranson for he was an outstanding young citizen and he did not wait to be told where his work lay or what was expected of him but volunteered his life to his country and went forth to battle with the courage of a true soldier and a loyal American. Can those whom he has left to mourn him, but to whom he has left a challenge to carry the torch, find some comfort in knowing that he died without a question of why he had to be sacrificed and with the fortitude of not only a soldier but of a Christian, as well.

"How shall we rank thee upon glory's page, thou more than soldier."

The Echo extends to the family of this gallant boy its deepest sympathy and hopes they may draw their strength from his own example of unselfish sacrifice.

BAY HIGH DRAMATIC GUILD TO PRESENT ANNUAL PRODUCTION

"Boarding School," by James Worthing, a comedy in three acts, will be given on Friday evening, May 21, 1943, 8:15 o'clock in the auditorium of the Bay High School.

In this sparkling hit, which has won an enviable reputation wherever shown, Shelby Weston will portray a young heiress who runs into many difficulties when she is sent away to boarding school. How she wins her way through to ultimate success, is briefly, the theme of this absorbing play which abounds in humorous scenes and which will bring a nostalgic thrill to those of us who no longer as young as we used to be.

Students to be featured in the prominent roles will be June Swan, Sue Swan, Edith Wheat, Alicia Rollins, Gloria Benigno, Jane Wolfe, Rosemary Holderith, Gloria Mae Tyler, Thelma Piazza, Elliot Casanova, Betty Ryden, Pat Murphy, Audrey Lee Biehl, Jack Wolfe, Gerald Price, Robert Russell, and Russell Necaise.

It is felt by the Dramatic Guild that "Boarding School" will long be remembered as their most distinguished offering, and they urge everyone to secure tickets for the presentation in advance.

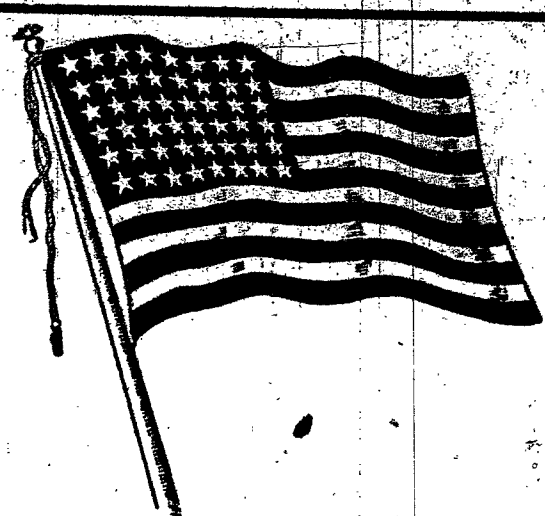

Frank Kiefer, blue ribbon. The grand prize for winning the greatest number of ribbons went to Mrs. Alice Buckley.

Delicious refreshments were served on the lawn and the club members and their guests were invited to walk through the grounds of the lovely home of the Prowells. This has, always been one of the show places of the coast with its pyramids of blooming azaleas and camellias as well as flowers less rare but rivaling in beauty.

There were several visitors among whom were Mesdames Matthew Brewster and Kenneth B. Thompson of New Orleans and Mr. W. W. Jones.

Mrs. Tom Adams of Pass Christian reported on the state convention recently held at Vicksburg.

Mesdames Steve Manning, M. L. Draper, Roy Baxter and Charles Kehoe were received as new members.

HELPING THE RURAL PROBLEM

THE National Catholic Rural Life conference will conduct its second annual school at St. Stanislaus College, Bay St. Louis, from June 7 to June 12. This summer session is an event that deserves whole-hearted support of southern Catholics.

The same area was privileged to entertain the convention of the Catholic Committee of the South. This rural life conference school is even more important, but the two go hand in hand, for both are intended for the betterment of life in our Southland. The school will help train leaders and workers, especially in the areas outside the cities, and that is just where we need not only leadership but also training, resourcefulness and initiative. These are needs in our rural areas, because they have been neglected in the past. We are joyful over the organized effort on the part of the N. C. R. L. C. to meet these needs, and the leaders and the group directing this effort certainly are due encouragement and support.

We have previously pointed to the current fallacy of constantly thinking in terms of urban problems, urban needs, urban aid and urban planning, and of ignoring, to a great extent, rural problems and rural needs. There is tremendous work to be done in the farm area, just as has to be done in the large cities, but the task has certainly not been undertaken in the former as it has been in the latter. That applies to Catholic effort as well as to other effort—maybe even more to Catholics.

At any rate, it is encouraging and satisfying to find now that not merely rural planning is afoot and under way, but, likewise, schools where those who undertake this task may find direction, sound advice and expert guidance. This is something that has been needed. That it met a long-felt need was certainly proved last year by the success that attended the first session. We feel certain that this second session will prove even more successful.—Catholic Action of the South, May 13th, 1943.

YOU CAN BE TOO CANDID

ANYWAY, I always say what I think; people know where I stand. I do not speak in sponges. It is better to be candid and have things out in the open. How often we hear such words of self-praise.

Often the people who boast of being blunt-spoken are good and kind folk, ready to do a good turn. But, equally often, they undo their kindness by an unfortunate desire to say exactly what they think.

Of course, there is a time and a place for plain speech. Sometimes, when we have carefully weighed a matter, we may criticize a trait or a motive; but such times are very rare, and need to be delicately handled.

One is suspicious of the habit of blurting out "what we think" on every occasion, as if what we think is either important or infallible. Instead, it can be thick-headed, untrue, and horribly unjust and hurtful.

We must accept people or leave them alone. In the long run, no matter what we may "think," it is better to be kind than to be "candid."

If one is invited to a party, why say, "You are only asking me because you feel you ought to, and not because you want my company?" If that is what we "think," why not decline the invitation and end it?

We, too, have our weaknesses, one of which is to be always seeing the weaknesses of others, and speaking of them. It just will not do—this critical attitude toward our fellow men and women; why call it candor?

Often enough we do not know all the facts; our judgments are either glib or cruel, or both. In any case we are neither monitors nor censors of our fellow beings, divinely appointed to pick out flaws.

By contrast, one who sees the good in people, and praises them for what they are and can do, lights a candle in a dark room and makes people happy.

Looking back, no one can be happy about the cutting words he has spoken; he would give much to recall and cancel them.—Jackson Daily News, May 16, 1943.

AIRCRAFT, GUNS, TANKS AND MEN

NEWS dispatches from North Africa speak of the merciless pounding given the Axis forces by Allied aircraft and the murderous fire of thousands of guns massed along the line, just before the break-through that resulted in the surprise capture of Tunis and Bizerte.

With Axis aircraft practically non-existent, hundreds and hundreds of Allied bombers and fighters harassed the retreating Axis soldiers. More than 2,000 sorties were made over Tunis and the Sicilian strait in one day as our airmen ranged to Sicily to destroy Axis shipping.

The big guns put up a concentrated artillery barrage of the World War I type, shelling the enemy positions and paving the way for the infantry's assault. Tanks were extensively used in the battle which demonstrates conclusively that an army is not all aircraft, or artillery, or tanks, or men.

It is the everlasting cooperation of every unit that makes possible the exertion of such pressure along the enemy line that, eventually, and suddenly, the front cracks and the day is won.

Buying war Bonds is one way to provide the soldiers with adequate protection against the enemy.

Some Americans seem to have the idea that you can win a war by grumbling at home about war conditions.

Air power may not be what its enthusiasts assert but, if we were in the front lines, we would prefer to have it on our side.

"Good-bye my son, God bless you"

Millions of such partings and heartaches... as the youthful and courageous American Spirit moves with young men like this to other shores to defend Liberty against the Dictator.

Our forefathers, too, fired with the American Spirit of Freedom, rebelled against the Dictator and the Tyrant. Under the government they established, the growth of our Nation has been the envy of the world. Here the ordinary man and his family enjoy comforts not known to Kings of other times.

Here—under the stimulation of Free Enterprise—science, research and invention give promise of greater achievement and richer blessings than have ever been dreamed of heretofore.

Here we can live as we choose subject only to reasonable rules which we ourselves make... here in America our precious sons, whether from humble cabins or wealthy homes, may be rewarded for superior merit or ability, and reach high places in government or industry.

It is for the preservation of our forefathers' government—for Liberty—for Freedom of Enterprise—for the American Spirit, that our sons now fight.

American railroads are a development of Free Enterprise and the American Spirit. They are privately owned and operated. They had an important part in welding the several States into a unified country, with a common language, high purpose and unmatched development. They are unsurpassed in their war effort.

The Louisville & Nashville Railroad, "The Old Reliable," is proud of the part that its half-billion dollar investment and its 31,000 employees are now contributing to winning the war. When the war is over, its efforts will be renewed to serve the public acceptably and to advance the inevitable development of the South.

Doctors Met in Jackson

The Mississippi Medical Association held its 76th annual session in Jackson last week, presided over by Dr. Lowry Rush of Meridian. The attendance was less than 300 out of a total in the state of 1,125. Mississippi has about 150 physicians in military service. Dr. Leroy Wilkins of Clarksdale was installed as the new president, succeeding Dr. Lowry Rush of Meridian. The new president-elect is Dr. Lampton Crawford of Tylertown.

Hospital Notes

He was treated at the Kings Daughters Hospital but was allowed to go home. Ty Robin underwent a tonsillectomy at the Kings Daughters Hospital on Wednesday morning. Ty was a good patient it was said and stood the operation like a man.

From where I sit...

by Joe Marsh

Really funny how some little every-day things can affect the course of history. For instance, did you know that one of the main reasons for the Pilgrims landing on Plymouth Rock was because the Mayflower was running out of beer?

Yessir, you can read it in an original manuscript of 1622, an account of the settling of Plymouth—where it says: "...we could not now take time for further search or consideration;

our victuals being much spent, ... especially our beer..."

Just goes to show how good beer has been a part of American life right from the beginning. Yes, and it's had a big part in making us a tolerant, moderate people, happy to live and let live. Because beer is a drink of moderation and good fellowship.

IRENE MANNING PLAYS PART OF FAY TEMPLETON AT A. & G.

Makes Film Singing Debut As the 'Gay Nineties' Heart-Throb in "Yankee Doodle Dandy"

Irene Manning, whose lovely singing voice is familiar to thousands of radio listeners and theater-goers who know her as Hope Manning, is a very surprising young woman. There are so many things she hasn't done or seen or doesn't care to do or see, and yet she has managed to crowd a great deal of worthwhile activity into her brief life.

Her latest activity is fore told in the Warner Bros. announcement that she will play Fay Templeton role in the new Jimmy Cagney picture, which tells the story of the life of George M. Cohan under the interesting title of "Yankee Doodle Dandy."

Some of the things that Miss Manning admits she does and likes to do are: save string, talk pig-Latin, eat corn-on-the-cob, throw things into the Grand Canyon of Colorado, shop

Sure it's fun to Chat!

But—Sacrificing
Non-Essential Calls Helps
Clear Lines for Vital War Calls

You bet it's pleasant to talk with friends over the telephone, just as it was pleasant to take those long Sunday afternoon rides when we had plenty of tires and gasoline.

But social calls must be handled over the same local telephone facilities as war calls. There is a definite limit to the number of calls these facilities can handle at the same time, and when more calls are made, some must wait.

With telephone equipment already burdened with war calls, non-essential calls may delay necessary calls, so we are requesting your voluntary co-operation to reduce unnecessary calling.

Under normal conditions we would expand our facilities to care for the increased volume of calls, but we cannot do that now because the needed materials are going into war weapons.

So won't you help by making fewer local calls? And when you must make a call, won't you please try to make it as short as possible?

When You Make Your Deposit—Buy a Bond

Men are working seven days a week and not complaining... they are as anxious as you and I to win this war. But the war must be paid for and they know it! So they urge you, and so do we, to buy War Bonds... each payday... 10 per cent of your wages... what you can spare... to spear the Axis from the earth!

Savings and Bonds will stop INFLATION!

In old book stores, go to motion pictures and cry at the sad scenes, pick petunias, save old letters, bob for apples, have fun at her own parties, hear a clock tick, write poetry, go on picnics, climb mountains, eat thin hot cakes and syrup, do things left-handed, try strange foreign foods,

ride roller-coasters and watch baseball games. Among the things she doesn't like and never does are "found": card tricks, catching fish, weddings, eating at a counter, carrying a parasol, coddled eggs, and her birth date is July 17. She likes rainy weather, joins in the singing at church and elsewhere and loves thunder storms. Above all, Miss Manning likes to sing and in that she is in perfect agreement with those who have heard her. She will be heard singing from the screen in "Yankee Doodle Dandy," an occasion which should be worth waiting for.

If you haven't gotten around to buying a Second War Loan Bond, stop and think what it would mean to you if our soldiers hadn't gotten round to the fight.

ORTTE THEATER PRESENTS "THE AMAZING MRS. HOLLIDAY"

Deanna Durbin's latest and most eagerly awaited picture, "The Amazing Mrs. Holliday," will be at the Ortte Theater Sunday and Monday. The new Universal film, Deanna's eleventh in her series of successes dating from "Three Smart Girls," is said to reveal the star as an outstanding dramatic actress as well as the most popular songstress of the cinema.

Produced and directed by Bruce Manning, the story is described as one of timely interest and importance. Action, for the most part, takes place in the glamorous society circles of San Francisco while many exciting sequences are devoted to the perilous aftermath following Japanese encroachments in the Orient.

Deanna's vivid, grown-up personality is declared to be thrillingly displayed in her role of an American girl who, with a group of helpless little children, flees the Yellow scourge. Noted players in the cast include Edmond O'Brien, Barry Fitzgerald and Arthur Treacher.

Esther Dale, Harry Davenport, Grant Mitchell, Frieda Inescort and Elizabeth Risdon are other well known Hollywood favorites in the cast.

Charles Previn presided as musical director for "The Amazing Mrs. Holliday." The screen play was co-authored by Frank Ryan and John Jacoby. Boris Ingster and Leo Townsend provided the adaptation from an original story by Sonya Levien. Woody Bredell was the Cameraman.

The property is one of the finer homes in the Waveland section and a long pier and bath house were also acquired with this purchase. The sale was made by R. Terrell Perkins.

Among the most recent real estate transfers is the sale of the large residence owned by Mrs. Stella Gex at 216 South Beach Boulevard to Mr. and Mrs. E. J. Arceneaux who will occupy same as a home and who moved into same this week.

Mr. and Mrs. Arceneaux had occupied this residence several years ago prior to Mrs. Gex's acquisition of same.

The property, large and attractive and with ample grounds, represents one of the finer residences in Bay St. Louis.

Mrs. Alma Knight Garner Dies Here While On Visit at Home of Son

Mrs. Alma Knight Garner a former resident of Meridian, died here on Wednesday evening at the home of her son and daughter-in-law, Mr. and Mrs. Curry Garner.

Mrs. Garner had made her home with them for a year because of her declining health and though she was not confined to her bed her death was not unexpected.

She is survived by three sons, Currie Garner of Bay St. Louis, Patrick Garner and Cecil Garner with the civil engineering department of the United States Government and is stationed at Fort Claiborne.

The body was taken to Meridian for interment and services were held Friday afternoon with the rites of the Presbyterian Church. Mr. and Mrs. Garner accompanied the remains to Meridian.

The Echo extends to Mr. Garner sympathy in the loss of his mother.

ment, the starry cast of the film is headlined by Allen Jones, Jane Frazee, Gloria Jean, Donald O'Connor, Peggy Ryan and the Four Step Brothers.

Orchestra on Screen
Starred likewise is the celebrated Spitalmy and his Hour of Charm All Girl Orchestra, musical sensation of stage and radio. The orchestra, which presents a variety of novel specialists, also provides accompaniment and rhythmic background for the action of the picture's story.

Jones and Miss Frazee have the leading romantic roles and their appearance will be welcomed by audiences who enjoyed their work together in the recent "Moonlight in Havana." The two stars are joined by Gloria Jean in several vocal selections.

"When Johnny Comes Marching Home" is the very up-to-date story of a soldier who returns home on furlough and finds himself the object of all sorts of attention. Seeking seclusion, he is mistakenly believed to be a deserter. This error provides the dramatic impetus which speeds the plot along a surprising musical path to what is described as a grand and happy finale.

Workers in a Michigan refinery fixed up a very low, false door leading to the pay office. On it is inscribed, "You will learn to duck lower if you don't buy a Bond."

"As to Your Electric Refrigerator for Instance..."

"It's marvelous how the millions of electric refrigerators in service are helping housewives with their food shopping and conservation problems. Marvelous, too, how sturdy, in most cases, the old job you had meant to substitute with a new model (then came the war) is going right ahead and meeting your refrigeration needs. Here are some suggestions that will help keep it working and delay as long as possible the need for repair service."

1. Defrost when frost becomes 1/4 inch thick on the freezing unit.
2. Cleanse regularly, taking out everything movable.
3. Wash the interior of the refrigerator, shelves, ice trays, freezing unit, and walls with warm water to which has been added one tablespoon of baking soda to the quart of water. Wipe out and dry the interior thoroughly after washing.
4. Keep temperature control at normal except when freezing or holding ice cream or frozen foods.
5. Allow all foods to cool before storing.
6. Keep your refrigerator door closed as much as possible. Assemble all things that go into your refrigerator after a meal on a nearby table or tray. Then put it all in at one time. Use small containers for small food quantities. This will provide a greater rapidly for more things and allow cold air to circulate more freely to all corners of the cabinet.
7. Keep dust or lint from accumulating on refrigerator condenser. Always pull switch on refrigerator before cleaning near any exposed moving parts.

A few minutes spent occasionally on your refrigerator will help add years of carefree service.

Important Announcement!

GOVERNMENT LIFTS RESTRICTIONS ON RE-ROOFING AND RE-SIDING WITH ASBESTOS SHINGLES

Special Ruling Is Made to Meet Critical War Program

MANY home owners have been postponing re-roofing and repairs to their homes because of their fear that only temporary materials would be available. Many others have obtained the impression that to have such work done would be contrary to the interest of winning the war.

If your home needs re-roofing, if the sidewalks need painting or repair, a special W. P. B. ruling just issued removes the restrictions on the use of asbestos shingles for this purpose. There is no longer any reason for you to postpone having this work done.

Pre-War Quality — Pre-War Prices

Johns-Manville Asbestos Shingles are manufactured to the same fireproof, durable quality standards as before the war. They are available at pre-war prices, too.

If your home needs painting or repair, we recommend J-M Asbestos Siding Shingles. They need no preservative treatment — are fireproof — permanent as stone — and will completely transform the appearance of your home. If you need a new roof, we recommend J-M Asbestos Roofing Shingles. They have the same desirable maintenance-free qualities.

Protect your home for today and for the future. We will be glad to show you samples of the new styles and new textures of these colorful shingles.

Long asbestos spinning fibre is an essential material in many war products. In mining asbestos, for every ton of long asbestos fibre, many tons of shorter fibre must be produced. This shorter fibre must be utilized, and its principal use is in the manufacture of asbestos shingles. Restrictions were therefore lifted to increase the use of asbestos shingles and thereby insure an adequate supply of long asbestos fibre vitally needed for war.

 Miss June Elliott, daughter of Mr. and Mrs. L. S. Elliott, successfully completed her final examinations for enlistment in the WAVES at New Orleans on Tuesday of this week, and will leave probably the latter part of this month for New York where she will enter a WAVE training station.

Miss Elliott is a graduate of St. Joseph Academy and had been employed as a clerk in the Scharff Grocery Store prior to her enlistment.

She is the third member of the Elliott family to enlist in her country's service, her two brothers, Russell and Luke, being at present in training schools of the U. S. Army Air Corps in San Antonio, Texas.

Mr. and Mrs. Elliott may be justly proud of their daughter, June, and a new star has been added to their service flag which formerly contained two stars.

MISS HELEN BIEHL ENTERS THE SPARS
 Miss Helen Biehl, daughter of Mr. and Mrs. Albert D. Biehl, will leave about the middle of June for Miami Beach, Florida, to enter the United States SPAR Training School there.

Miss Biehl successfully completed her final examinations for enlistment in the SPARS at New Orleans on Tuesday evening and upon her return from New Orleans, presented her mother with a service flag containing three stars.

Miss Biehl is a graduate of Bay High School and has two brothers also in the U. S. Coast Guard, and Albert Biehl, Jr., who is in the U. S. Navy.

ENTERTAINS MEMBERS OF SENIOR CLASS OF S. J. A.
 Miss Margie Elliott entertained the members of the Senior Class of St. Joseph Academy on last Friday evening at a cinema party at the A. & G. Theater, after which the young ladies enjoyed refreshments served at Dickson's Drug Store.

Mrs. Dickson had arranged a long table which was pretty with silver and lace table cloth, centered by a large and beautifully decorated cake with the words "Class of '43" prettily iced on it, and here everyone enjoyed ice cream and cake.

SENIOR CLASS OF S. J. A. ENTERTAINED AT SUPPER
 Miss Martha Xidis, daughter of Mr. and Mrs. Angelo Xidis, of Gulfport, and a graduate of the class of '43 of St. Joseph Academy, entertained members of the graduating class at a supper at her home in Gulfport on Tuesday evening.

The table was prettily decorated, pink and white carnations being used in profusion, and novelty pins were presented to each of the girls by Miss Xidis.

WEDDING OF MISS BERYL BOURGEOIS AND MR. EDWARD D. MURTAGH
 A small informal wedding but one which attracted much interest here and in New Orleans was that of Miss Beryl Bourgeois, eldest daughter of Mr. and Mrs. William Douglas Bourgeois and Edward D. Murtagh of New Orleans which was solemnized at Our Lady of the Gulf Catholic Church on Sunday afternoon at 4 o'clock, the Rev. Father A. J. Gmelch officiating.

The bride who was given in marriage by her father was looking youthful and pretty in a two-piece white suit worn with white accessories. She carried an antique prayer book, a family heirloom from which fell a shower bouquet of gardenias tied with the looped white satin ribbon.

She had as her only attendant her sister Miss Gail Bourgeois who wore a spring model of cerise silk jersey with white accessories and she carried a shower bouquet of daisies.

Mr. Murtagh had as his best man Elmer Besswood of New Orleans. A reception was held at the home of the bride's parents in Main Street, where Mrs. Bourgeois, mother of the bride, and Mrs. Murtagh, mother of the bridegroom, were receiving. Mrs. Bourgeois wore a black and white sheer afternoon gown and Mrs. Murtagh wore a blue sheer.

The reception room was filled with great clusters of Easter lilies, and gardenias arranged in bowls with fern thus keeping the color scheme of green and white. The mantel where the couple stood held two tall crystal candelabra holding white candles and in the center was a large bowl filled with daisies, Queen Ann's lace and maidenhair fern.

The bride's table was covered with an exquisite lace cloth and centered with a crystal bowl filled with the Easter Reed daisies and fern. At the corners were the crystal candelabra with the three branch daisies and here the bride cut her three-tier wedding cake which was topped with a miniature bride and a soldier holding an American flag.

Mrs. Sam Vernon and Misses Marjorie Bourgeois and Jane Wolfe all wearing the long skirt summery frocks, served punch from a crystal bowl.

The couple left later in the evening for New Orleans.

The bride is a graduate of Bay High and held a clerical position at Gulfport Field. She is a granddaughter of Commissioner and Mrs. W. L. Bourgeois.

Mr. Murtagh is a graduate of St. Stanislaus and is with the United States Army Air Corps and is stationed at Lawson Field, Columbus, Georgia.
